de-pollution technology

SEDA Tilting Ramp

N-527493-H

Dismantling tilting ramp

Easy access to the car bottom

The versatile SEDA Tilting ramp

Quick and easy loading of the vehicle onto the system. Secured by a hydraulic safety arm, the vehicle is ready to turn 90°, in order to help the operator work on the underside of the vehicle easily. This unit offers a safe and efficient dismantling process of ELVs.

Your benefits:

- Hydraulic control system
- For easy, ergonomic working
- Optional Mobile platform
- Additional tools can be easily integrated
- Rugged and robust
- Proven SEDA Quality

An optional mobile platform along with optional dismantling swingarm, offers you more ways to work in a highly professional and industrial way.
